COST $2,000,000 EACH

Gunston Hall to Load Coal at Baltimore For Rotterdam—Betsy Bell From Boston to Bordeaux.

The steamship Gunston Hall and Betsy Bell sailed late this afternoon from the wharf of the Virginia Shipbuilding Corporation, having today been turned turned over to the U. S. Shipping Board.

The Gunston Hall has been allocated by the Shipping Board to the Barber Steamship Company, and will load coal at Baltimore for Rotterdam. Officials of the Shipping Board and the Barber line have expressed great satisfaction with the workmanship.

On her trial trip the Gunston Hall exceeded her contract speed by nearly two knots.

The Gunston Hall represents an outlay of two million dollars. Her cargo capacity is 9,400 tons.

Dimensions are: Length, 402 feet; beam, 53 feet horsepower, 2,800 with reciprocal engines.

On Tuesday Capt. Hart of the Gunston Hall entertained the officials of the Virginia Shipbuilding Corporation at a luncheon on board the ship.

The Betsy Bell, which is a sister ship of the Gunston Hall, will load general cargo at Boston for Bordeaux for the American Line.

Alexandria is proud of the product of her leading industry.

Several important changes at the shipyard have been made recently. R. B. Wallace has been succeeded as plant manager by F. T. Warner who has an extensive and successful experience at other plants and with the Emergency Fleet Corporation division of steel ships construction.

H. B. Andrews, general superintendent, has resigned and George Cain has been appointed acting general superintendent in the absence of F. W. Brown, assistant general superintendent, who is on a vacation.

Fred Anderson has been appointed acting hull superintendent.

Frank Seney, foreman riveter, has been succeeded by C. Johnson.

FOR BIG SUM TO EX-KAISER

Berlin, Aug. 21.—A bill has been submitted to the Prussian cabinet which provides that 170 million marks shall be given to former Emperor William as total settlement for the civil list he lost through "forced abdication," according to Weimar dispatch in the Freiheit.

The cabinet has not reached a decision, it is said, because the scheme is opposed by Herr von Braun, Minister of Agriculture.

MORE RIOTING FEARED

Hammond, Ind., Aug. 21.—City and county officials feared an outbreak might occur today when troops of the Indiana militia arrived to guard the plant of the Standard Steel Car Company against possible rioting by strikers.

Adjutant Geenral Smith notified Sheriff Lew Barnes that ten companies would be here this morning.

The call for the troops was made last night after strikers voted to refuse the compromise proposed by Mayor Brown for a settlement of the strike.

LET SOLDIER DEAD REST

Pershing Cables Recommendation to To Department

Washington, Aug. 21.—General Pershing in a cablegram to the War Department, has expressed the opinion that the bodies of American soldiers who died abroad should be left near where they fell.

"I believe that, could these soldiers speak for themselves, they would wish to be left undisturbed where, with their comrades, they fought the last fight." General Pershing said.

"Those who rest in England gave their lives in the same cause and their remains represent the same salvation as those who lie on the battlefields.

"The graves of our soldiers constitute, if they are allowed to remain, a perpetual reminder to our Allies of the liberty and ideals upon which the greatness of America rests. Think the sentiments above outlined are held by many who have given this subject thought. These sentiments should appeal to the relatives and friends. Recommend that none of our dead be removed from Europe unless their nearest relatives so demand after a full understanding of the sentimental reasons against such removal and further recommend that immediate steps be taken for permanently improving and beautifying our cemeteries."

General Pershing cabled Secretary Baker that he planned to sail from France on the transport Mount Vernon September 1.

AUTOMOBILE KILLS YOUTH

Harrisonburg, Aug. 21.—Paul Clem, fourteen years old, a son of D. H. Clem, was instantly killed Sunday evening when struck by an automobile on the Valley Turnpike, one mile north of Edinburg.

It is stated that the boy was riding a bicycle, and that he came out from behind a garage just as the automobile was approaching. Apparently believing that he still had time to cross the road ahead of the car, he turned his wheel in that direction, but was run down, it was said. The automobile which struck the boy bore a Maryland license, but the names of the occupants could not be learned.

SING TONIGHT

To be Staged in Christ Church Yard —If it Rains Will be in Parish Hall.

Tonight the community sing will be held in Christ Church yard at 8 o'clock. Word has come from Camp Humphreys that owing to the rapidity of the discharges this week, the band is temporarily depleted, One of the best song leaders, however, has been secured from Washington, and the desire of the government is not to give a band concert, but to educate a community to sing.

For years the Marine Band has given concerts in Washington, and while always enjoyed, yet the spirit of the people was never aroused by listening to instrumental muisc, as by taking an active part in the music which has been so popular since the war began.

A singing army helped the boys in France, and the government is continuing its efforts at home to foster the community sings. One of our earliest song leaders, Mr. Kenneth Clarke, used to say: "Never mind if no one wants to hear you sing at home, it sounds good out in the open." Mr. Wills one of the best song leaders of Washington, will be here tonight, and if it rains the "sing" will be given in the Parish Hall.

FALL IN VALUE OF MARK

German Food Controller Orders Discontinuance of Purchases in Den-

Berlin Aug. 21.—As a result of the continued downward trend of the German mark, the food controller has ordered the discontinuance of purchases in Holland and Denmark, While the action is ostensibly based on the pretext that supplies already under contract meet most urgent needs and these sources of supply may be temporarily dispensed with in view of increasing arrivals of overseas shipments, officials concern over the exchange situation is held to be directly responsible for the controller's order.

As a volume of trade increases, the amount of the German money required to finance it moves upward at an further depreciation of the mark, which, it is alleged is being slaughtered by speculators, smugglers and others seeking to remove their fortunes from the surveillance of Mathias Erzberger, Minister of Finance.

HUN CRIMES EXPOSED

Von Heinrich, Former Military Governor of Lille, May Face Murder Charge

Evidence adduced before the French military court inquiring into crimes committed by the Germans during the occupation indicates that a charge of murder may be brought against Von Heinrich, a former military governor of Lille.

Madame Jacques and Madame Martens, widows of men shot by the Germans, testified yesterday that after sentence of death had been passed on their husbands, Von Heinrich authorized their lawyers to appeal to the German Emperor. While the appeal was being made, Von Heinrich, it was declared, ordered that the men be executed and they were shot 24 hours later.

The court also has heard evidence against Von Zoelne, former quartermaster general at Charleville.. It has been testified that he was responsible for the deportation of girls from Lille in 1916. General von Henverhny, a resident of Fives, near Lille, told the court that his 19 year old son killed with a bayonet by a German soldier on order of Capt. Himmen Le Blafre.. The doctor testified further that the Captain, the German governor of Lille and the German governor of Roubaix were responsible for the torturing of French youths in German work camps.

The court also is inquiring into the case of Lt. Boyael von Gymnitz of the Eighth Chasseurs, of Treves, who is charged with the attempted murder of Abbe Hallinck of Marq-En-Baroeul. It is declared that the officer while drunk twice stabbed the priest in whose house he was living. Afterward he smashed the furniture and stole some money.

FATE OF DAYLIGHT LAW

Senate Delivers Knockout Blow to Long Day When it Over.

The daylight-saving plan, adopted soon after this country entered the war, will get out of existence the last Sunday in October as the result of Congressional action overriding President Wilson's veto of a bill repealing the daylight-saving law.

The Senate delivered the final knockout of the law yesterday when it passed a repealer over the President's veto by a vote of 57 to 19. The House took the same action Tuesday by a vote of 323 to 101.

Although this is the first measure on which the Republican Congress has overridden the President, it is not considered a party defeat, since the daylight-saving plan had been vigorously opposed by rural Congressmen in both the Democratic and Republican parties.

The success of the rural force came after they had once lost the fight to make the repealer a rider to the agricultural bill. The President also vetoed this, and city Congressmen mustered sufficient strength to sustain this veto.

The daylight law was passed as part of the food production campaign. It was argued that under it war gardeners would have an hour more of daylight to raise food.

Farmers declared that it interferred with their work.

CHICAGO THEATERS CLOSED

Chicag, Aug. 21.—Legitimate show houses in Chicago were closed tight today. With the aid of stage hands and musicians, striking actors allowed only the major theater to keep its lights burning last night.

Dick Green, international secretary of the stage hands, declared it was a possibility that vaudeville houses might soon be closed by action of his organization in sympathy with actors.

Pending decision of injunction proceedings brought by theater managers, actors and actresses in court yesterday were warned not to interfere with performances at the Olympic, where Fisk O'Hara and his company have a show.

LAW AGAINST FORESTALLING

Under the terms of a bill recently adopted by the City Council of Reading, Pa., persons will be prohibited from stopping farmers on their way to market and buying from them. Price fixing will be banned, and buying in the markets for re-selling and will not be permitted.

It provides that any person violating any of the above provisions, upon conviction before the Mayor or any Alderman in the city, shall be sentenced to pay a fine of not less than $10 nor more than $100, together with the costs of the suit for each and every offense, and in default of payment shall undergo imprisonment in the Berks county jail for a period not to exceed 30 days.

Up to about fifty years ago the code of Alexandria contained a law forbidding forestalling the market under a penalty. While the Underwood Constitution was being prepared, at a time when many exotics were being transplanted to the Old Dominion by individuals not native and to the manner born, the late David Turner, an Englishman by birth, who had come here from the northern section of New York state during the second year of the civil war for the purpose of publishing a newspaper, conceived an aversion to our law against forestalling the market. While the state was under military rule Mr. Turner was appointed a Councilman from the Scond ward, and while acting as such he prepared an ordinance annulling the law which was finally adopted.

Many people at the time believed the movement to be wrong, and now in the days of high prices and the many charges brought against hucksters, retail merchants, countrymen and others, the wisdom of repealing a law is again questioned.

It was urged at the time the ordinance was repaled that it was antiquated and useless in what was supposed at that time to be the advanced era of the world. The people of Reading, Pa., are doubtless as modern as the good people of Alexandria. They realize the utility of the law which has ben adopted by their representatives. Hucksters, retail grocers, countrymen, storekeepers and others rose up en masse and protested against the passage of the law. The Councilman, waved them aside and passed the ordinance.

THE CASE OF MEXICO

Are we to understand from the fact that American forces have been sent into Mexico in pursuit of the bandits, that the administration is beginning to interest itself into conditions to the south of us? The policy of watchful waiting got us nowhere. Polite notes exchanged with Mexico City have availed nothing. Now we are shaking the iron fist once more.

The Philadelphia Inquirer says "We have done a little bit—or was it finger shaking upon occasion. We even sent an army to Vera Cruz and brought it home again. We dispatched Pershing after Villa, but we were so careful not to disturb the feelings of the Mexican Government that the expedition was sorely handicapped. We have chased bandits—and never caught them. It might be said of our previous efforts that they have been little more than a slap on the wrist. Is this new expedition a slap on the wrist affair or are we shaking the iron fist in earnest? Some day we shall have to make up our minds that Mexico will have to be dealt with as we dealt with Cuba under Spanish Government. There seems to be no getting away from it."

HERE AND THERE

While the people of this country are loud in complaints of the high cost of living, they might with profit cast their eyes across the Atlantic and study conditions in other lands. While everything is sky high in the United States there is work for all, at most remunerative wages—in short, if prices are high the necessities of life and many luxuries are still within our reach. Such conditions are absent in other places England is believed to be approaching a terrible crisis in its history. Thousands are out of employment with winter approaching, and anxiety is depicted upon the countenances of those upon whom the responsibility of providing for families rests.

In other countries, especially those which have recently been at war, work is scarce while prices of articles which must be obtained in order to keep up feeble fires of life, at high water figures. Winter is on its way, while fuel is scarce and high.

Mrs. Annie Noderer, a native of Germany and wife of a Danville, Va., baker, has just received from her native land the first uncensored letter since the war broke out. It is written by her sister, Mrs. Theodore Perhofer, a residen of Waldshuff-am-Rhein. "Among other things," she writes, says "the people of Germany are looking to America for food until the ruin of war shall be replaced and the country return to a normal productive basis, and the numerous shipments of food which have been sent from this country have proved veritable God sends to the Germans. While fats and other imported foods are procurable in Germany, they command such prices that only the rich can buy them, and then only in small quantity. Butter in Berlin, on the date on which the letter was written, July 13, was selling at $4 a pound and fresh meats at $2. Meat can be had only once a week, and then at the rate of a quarter of a pound a person. Lard costs $2 a pound, the ration for each person being half a pound a month. Chickens and eggs are so scarce as to be beyond the reach of the poor, while wheat flour can be secured only once a month and then only half a pound. In the cities no food can be obtained without the necessary ration card, which has to be punched just as it was during the period of the war."

A REFORM TO BE DESIRED

The Episcopal Church in the United States, like the mother church in England, has the reputation of being extremely conventional and conservative. It clings to old traditions and forms and does not lightly take the path of reform. Therefore, when it manifests a disposition to permit innovations in its ritual to practices, we realize the immense power of the forces of unrest.

Some of the "reforms" that are to be submitted to the General Convention this year are more than skin deep and represent fundamental changes. But those proposed in the Marriage Service are only changes in phraseology, and not in fact or faith. To omit the word "obey" from the woman's pledges will, we imagine, not create anything like a church schism or insurrection. We are inclined to think its omission will make for greater reverence during the Marriage Service—will lessen the temptation to risibility. From time immemorial evrybody in church has been disposed to grin or snicker whenever a woman has promised to "obey." The promise is a provocation to levity in connection with a most solemn transaction. It is an old joke, but it never fails to provide a smile. It puts the unfortunate man, too, in a most unhappy and embarrassing position. It makes him the butt of the jest. He knows just as well as the woman does that she is not going to obey, that she has not the slightest intention of doing so. And it makes him feel cheap, even in the midst of his joy, to have everybody whispering, "We know who's going to be the boss."

This matrimonial perjury is also inconsistent with the sacred character of the service and tends to weaken other parts of it.—(Baltimore Sun.

Ithaca, N. Y., Aug. 21.—Grappling for the body of Hazel Crance, 18-year old girl who was drowned in Cayuga Lake while canoeing in company with Donald W. Fether, still continues.

AUTO CRASH

Army Officers' Mahine Smashed Between Two Trolley Cars

A remarkable escape from death was experienced by Col. K. P. Williams last night at 7:15 o'clock, when a touring car he was driving was crushed between two trolley cars, at Fourteenth and F streets, Washington. He was uninjured.

Col. Williams started across F street when one trolley car swerved around the corner from Fourteenth street. At the same time another traction car came down F street, crushing Col. Williams' car between them. The force of the collision caused one of the traction cars to leave the rails, and the passengers were badly shaken up. No one was injured.

"It was a case of misunderstanding signals," said the colonel. "One motorman motioned for me to cross, and I did."

Hundreds were delayed by the tieup, which lasted until 8 o'clock, and the accident attracted many who had heard the crash from nearby streets.

ON TRAIL OF BANDITS

Carranza Government Gives But Scant Aid to U. S. Forces

American troops on the trail of Mexican bandits are operating with scant assistance from the Carranza forces, it was revealed today by dispatches to the War Department from Major General Dickman, commander of the Department of the Southwest.

Because of the silence on the part of Carranza since the American forces crossed the border, it is generally believed that Mexican authorities were notified in advance of the American action. There may be a question raised later by Carranza, it was said, as to how far the troops may proceed into the interior, as he raised this query when Pershing's punitive expedition was in Mexico.

The bandits who captured and held for ransom the two American aviators whose machine was helpless are getting a taste of a new kind of medicine. Aviators have spied them out and fired upon them in return for fire from the bandits.

HUNS HIRED FOR RED ARMY

Officers Are Paid High Salaries to Train Bolsheviki

Admiral Kolchak, according to latest advices, proposes to make a big fight for the possession of Omsk at the nearest river to that city instead of at Tobolsk river. He is depending for assilstance on Gen. Denikine's forces.

Admira lKolchak claims to have managed his resistance to the Bolsheviki so as to place his advance posts to the south in touch with Denikine at Raalsk. Trotsky has returned to Bolshevist headquarters after observing the advance of Denikine's army and advised the Soviets that Denikine must be crushed before winter sets in.

This information comes to the State Department through Sweden from Russian sources in addition to information that the Bolsheviki are employing German officers who are being paid high salaries.

It is a current Russian report that the Bolshevists are employing German corporations to reorganize all railroads controlled by the Soviets. It is said the Bolsheviki intend calling out all their forces including youths who have reached their 18th year.

THE PLUMB PLAN

Would Cost Vrgna 25 Per Cent of Revenue, Says Gov. Davs.

Richmond, Va., Aug. 21.—In a special message to the general assembly Gov. Davis yesterday transimtted a communication received by him from the State corporation commission, setting forth what would be the effect in Virginia should the Plumb plan of railroad operation be enacted into law by Congress.

Operation of the Plumb plan would take from revenues of the State approximately $224,000 the first year. $446,00 0the second year and $669,000 the third year, according to the commission. The total at the end of the third year would be $339,000. At the end of ten years it was estimated it would cost the State in taxes $2,500,000 per annum, or approximately 25 per cent of the entire revenues of the treasury. It would cost the city of Richmond alone the greater part of $154,689.73. These figures include, besides revenues from steam railways, revenues from telegraph and telephone companies also, but these latter represent only a small fractional proportion of the total.

Should public ownership become a fact, through an act of Congress embodying the proposed amendment, it will be necessary for the general assembly of Virginia to provide other means of obtaining revenue for the State government, the schools, interest on the public debt, roads and pensions for veterans of the war between the States, the commission members assert.

The tobacco that is honestly "different"

Virginia-Carolina tobacco has every quality that a good cigarette tobacco should possess—flavor, fragrance and body *plus* a certain "liveliness of taste" that other tobaccos do not have.

That is why Virginia-Carolina does not need to be mixed with other tobaccos, but tastes best smoked straight, in a cigarette made entirely of Virginia-Carolina.

If you want *all* of that rich flavor and that lively, different taste, smoke Piedmonts. These cigarettes are made *entirely* from Virginia-Carolina and from the choicest selections of the Virginia-Carolina crops.

NOTE—Virginia-Carolina tobacco, unlike foreign-grown tobaccos, has no Import duty to pay. That is why Piedmont's quality does not cost you more. Import duty does not make a cigarette taste any better. Why not get *all* your money's worth in tobacco quality?

MAJ. S. W. MARTIN DEAD

Ilgih in Lynchburg Lodges and Served At Mexican Border.

Lynchburg, Va., Aug. 21.—Maj. Stanley Watkins Martin aged 52. clerk of the United States courts for the Western district of Virginia, prominent Mason, Knight Templar and for 27 years worthy grand treasurer of Kappa Sigma fraternity, died last night at his home here after a long illness. He was past grand high priest of the Lynchburg Chapter Royal Arch Masons ,past master of Roman Eagle Lodge A. F. and A. M. Danville, Va.; past eminent commander of Duff Commandery, Danville; past high priest of Danville Chapter of Royal Arch Masons, and grand captain general of the grand commandery Knights Templar.

His first military training was at the V. P. I. In April, 1900, he enlisted as lieutenant in the Danville light infantry; in June following was made captain; in August, 1901, major of the Seventieth Virginia, and in June 1916, went to the Mexican border with his regiment, where he refused a lieutenant colonelcy. When the United Statesc entered the world war he was sent to Fort Sill, Okla. He was slated for colonel of the 116th, but account of a weak heart, which caused his death, he was retired in January, 1918. He wore the medal of Virginia for 20 years' service.

COMPROMISE SOUGHT

Washington, Aug. 21.—Ratification of the treaty of peace with Germany no longer seems to be a question of substance, but instead, it has been reduced to a question of procedure and if the dissenting elements can agree upon the manner of tion, the fight will be about 95 per cent over.

President Wilson's declaration to the Foreign Relations Committee Tuesday of his willingness to accept a resolution of interpretation, provided teh resolution of ratification was unconditional, was followed yesterday by a resolution offered by Senator Pittman embodying the interpretations which the "mild reservationist" have agreed upon. These two circumstances have forced the issue.

It is now a question whether or not an independent resolution is to pass the Senate contemporaneously with that resolution of ratifcation setting forth the series of interpretations or:

Whether the ratification resolution itself is to embody these interpretations in order to make sure that the other signatories will take them seriously or:

Whether the original Lodge-Knox Johnson plan for amending the treaty itself to this effect in order to make doubly sure that the Associated Powers understand America's position.

The reservations or interpretations themselves are not so much a matter of debate now as is the program to be followed in giving expression and effect to them. When the President indicated his willingneds to accept the general program of the reservationists so long as the peace treaty were not mutilated or the ratification resolution made conditional, it was realized in all quarters he had pointed the way to a compromise. It only remained for the other parties to come forward wit ha satisfactory basis of action

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

STEEL STRIKE LOOMS UP

Twelve Demands Formulated Calling For Recognition of Union And Eight-Hour Day

Youngstown, Ohio., Aug. 21.—Ninety-eight per cent. of the steel workers voting on the question of a national strike voted in favor of a walkout, it was announced here yesterday afternoon by W. Z. Foster, secretary-treasurer of the American Federation of Labor's committee on organization in the steel industry, which canvassed the vote. Mr. Foster said that the committee is now taking up the matter of setting a date for the strike. The committee did not give out the number of votes cast.

Twelve basic demands will be made upon the manufacturers. Mr. Foster said, in addition to minor demands to be formulated by the 24 international unions which have members working in the steel industry. These basic demands are:

1 Right of collective bargaining.
2. Reinstatement of all men discharged for union activities with pay for time lost.
3. The eight-hour day.
4. One day's rest in seven.
5. Abolition of 24-hour shifts
6. Increases in wages sufficient to guarantee American standards of living.
7. Standard scales of wages for all crafts and classifications of workers.
8. Double rates of pay for all overtime work and for work on Sundays and holidays.
9. Check-off system of collecting union dues and assessments.
10. Principles of seniority to apply in maintain reducing and increasing working forces.
11. Abolition of company unions
12. Abolition of physical examination of applicants for employment.

These propositions are said to be general in character, and subject to development when the organization prepares its trade demands.

JUSTICE GETS SIX MONTHS

Pleads Guilty to Assault With Intent to Kill a Policeman and is Sentenced

Eugene W. Ritter, former county justice of the peace, pleaded guilty in police court, of Frederick yesterday morning before Justice Barton to a charge of assaulting, with interest to kill, Policeman Ben Armel, on last Saturday night.

Ritter was sentenced to six months in jail and was required to give a bond of $500 to keep the peace for one year from this date. He will also have to pay all costs. The jail sentence carries with it hard labor on the public roads of the state.

The assault occurred on last Saturday night, when Ritter was placed under arrest by Policemen Armel and Dove, charged with flourishing a revolver on the streets and acting disorderly. At that time he was disarmed of the revolver, but while being taken to jail by Policeman Armel, he drew another pistol from his pocket and snapped it in the officer's face. The latter in a flash had seized the weapon before the hammer fell and it cut him on the left hand in two places. The hammer, however, struck the cartridge and dented it, but the cartridge failed to explode. This was all that probably saved Armel's life.

In court yesterday morning the prisoner offered no excuse fo his action other than to state that he did not intend to actually kill the policeman.

This is the second time Ritter has been involved in serious trouble. Over a year ago he was sent up for six months for shooting his wife. She subsequently recovered and obtained a divorce.—Winchester Evening Star.

TRAINMEN GET $392 A MONTH

Railroad trainmen are being paid more than State Governors and high officers of the Army, a letter from R. L. O'Donnell, general manager of Pennsylvania Railroad, read to the House yesterday by Representative Blanton of Texas revealed.

"Freight engineers are now receiving $392.35 a month, passenger train engineers $376.85, Mr. D'Donnell's letter said." Mr. Blanton told the House, "and yet the Governor of Texas receives only $332.33 and a colonel in the Army the same amount.

"Freight conductors receive $313.90 and passenger conductors $308.55, which is more than a lieutenant colonel's pay of $291.66, a major's of $250 and a captain's of $208.33. It seems to me that many other people have more justification in striking than railroad employees have."

HOLD DRY LAW VALID

Court Denies Emergency Has Passed As Held By Wine Producers

New York, Aug. 21.—Holding that the war emergency still exists, Federal Judge Augustus N. Hand, in an opinion handed down yesterday refused to grant a temporary order sought by Scatena, Lawson & Pereilli, owners of vineyards in California, with a place of business in this city, to restrain Federal authorities here from enforcing provisions of the war-time prohibition act.

In asking for the order, the wine manufacturers alleged that the law was unconstitutional for the reason that no war emergency now exists. In his decision Judge Hand said:

"It is plain from the terms of the act that among its objects is the regulation of the liquor traffic during the period of demobilization. That is a critical period, more critcal in some respects than that of actual hostilites."

DRINKS IODINE

Pretty New York Woman Blames Unhappy Love for Action

New York, Aug. 21.—Kneeling on the steps of St. Patrick's Cathedral, Fiftieth street and Fifth Avenue, a beautiful young woman who said she was Mrs. Rosina Ginzales Gamarra, attempted to commit suicide early yesterday morning, according to the police, by drinking iodine.

She will be arraigned in the Yorkville Court on a charge of disorderly conduct.

Policeman Rohrback, of the East Fifty-lrst street station, observed her on the Cathedral steps kneeling as if in prayer. As he approached, he heard the sound of breaking glass. Running to her side, he found what appeared to have been a bottle of iodine smashed on the stone.

Summoning a physician, the policeman took the girl to the station. An examination revealed traces of iodine, according to the physician.

According to the police the girl said she had an unhappy love affair.

SUSPECTED NEGRO

Witnesse Identify Cummings as Man Leaving Train at Bowie

Two witnesses yesterday declared they saw George Cummings, colored, in the neighborhood of Jerico Park, Prince George's County, Md., where a farmer, George Peter, was murdered and his daughter, Katherine, wounded, on Sunday a short time before the tragedy. Police believe the negro is guilty and expect a full confession in the next few hours.

John Luers, a resident of Bowie, was brought here yesterday by Sheriff Garrison and after seeing the prisoner declared that he is the same man that he passed on the road to Peter's home about 10:10 Sunday morning.

According to the police Luers said that he met Cummings on the road to the home of the murdered farmer and the negro very politely said good morning to him and passed on his way, the two men going in opposite directins.

Cummings did not appear to be nervous, the witness declared, but on the contrary, seemed in a cheerful mood and went on his way whistling. That he had any murderous motive at the time he met Luers the police believe improbable but will endeavor to locate the source from which the negro is supposed to have obtained intoxicants.

THEATRES

INGOMAR THEATRE

Whether you are eight or eighty "The Little Scout," by J. Stuart Blackstone will be shown at the Ingomar Theatre tonight, will make you laugh until your sides ache and will give you just the right number of thrills to make you think it is the cleverest, cleanest little play you have ever seen.

RICHMOND THEATRE

Mae Marsh, the quaint star of the screen, will appear in her third Goldwyn Picture, "The Cinderella Man," from Oliver Morosco's famous stage success by Edward Childs Carpenter, at the Richmond Theatre tonight. A Harold Lloyd comedy also will be shown.

GRAND THEATRE

"I will never kill a man," was the promise John Corliss made to his sweetheart. And in the Lone Star State where, a few years ago, feuds between cattle owners were common affairs, and where a murder more or less occasioned only slight comment, such a pledge carried with it grave possibilities. This was true of Corliss' case. When he looked into the shining barrel of his enemy's gun perhaps he regretted a hasty pledge. But once given the word of this Westerner was never retracted, and he made no movement toward his own defense.

At the Grand Theatre tonight will be shown "The Unbroken Promise," the story of a promise that was kept and a promise that was broken. This is a forceful picture that will win instant favor with discriminating audiences. Also Mary Swain in "His Bitter Pill."

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
